Save valuable time and resources while promoting a culture of continuous improvement and development.

# **KEY FEATURES**

### **Electronic Capture and Approval**

Simplify workplan and assessment creation, review and approval with a streamlined electronic workflow.

### **Automated Notifications**

Keep everyone on track with automated notifications and letters for outstanding work plans and assessments.

### **Consistent Policy Enforcement** Ensure fair and equitable

application of the PMDS policy across the organisation.

### **Work Plan Generation**

Generate professional, ready-touse work plans in PDF format, eliminating manual effort and reducing errors.

### Excel Export

Seamlessly integrate appraisal data with other processes, such as bonus calculations.

### **Management Reports and Analysis**

Gain valuable insights with detailed reports, ensuring compliance and identifying areas for improvement.

### **Portfolio of Evidence**

Easily attach supporting documents to assessments, providing a comprehensive view of performance.

### **Shorter Turnaround Times**

Accelerate the entire performance management cycle, driving efficiency and productivity.
